Bring the outside into your home

Imagine a wide, open space and the feeling of air and light flowing into your home as you enjoy your interior surroundings. Our market-leading VevoFold doors are the ultimate choice when you want full and clear access to your garden, patio or terrace.

The superior look of a VevoFold door will add a touch of finesse to any home, and when closed they complement your home with slim frames and clean lines to achieve a striking glass façade. A choice of attractive finishes and a wide range of configurations available to fit virtually any space. Fold the doors back to give a stunning opening that draws the exterior ambience into the comfort of your home.

VevoFold doors come with all the assurances you would expect from a quality-designed product. Strength and durability ensure a structurally sound product that requires minimal maintenance and delivers reliable performance over a lifetime of use.

Relax in stylish open plan living areas and enjoy stunning panoramic views from your home. With VevoFold doors you will feel like you're living the outside inside.

Transform your living or dining room, bedroom or conservatory and create a better environment to live in.

As always with Vevo
- the choice is yours.

A choice of materials to suit any lifestyle or taste : **VevoFold doors offer so much**

VevoFold doors open and close effortlessly, gliding on precision-engineered rollers allowing unrestricted thoroughfares and creating the maximum use of space and light. The options of uPVC or aluminium, a range of colour and finish options and high security features across the range, ensure that a VevoFold door will complement any home or building, whatever your taste or style.

‘Choose uPVC
for everyday
practicality’

- Market-leading looks – ultra-slim frames, concealed gaskets and slim sight lines.
- Easy-use unique D-handle – this ultra-stylish sprung design allows the doors to fold back flatter.
- Designed for hassle free fitting – a built-in four-roller aluminium track allows smooth and effortless opening.
- Available in a range of eight colour and wood-grain finishes.

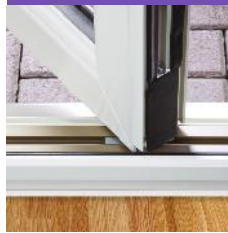

'Choose aluminium for a choice of styles and colours'

- Choose from the square-edged Vevo1000 and 2000 profiles, or the softer look of the rounded-edged Vevo3000 and 4000.
- Vevo1000, 3000 and 4000 profiles use mitre-cut corners for an authentic, crafted appearance.
- Vevo2000 profile uses square-cut sash corners for a more traditional appearance.
- Suitable for all types of modern and period residential property. Also suitable for commercial applications.
- Available in a wide variety of natural and classic colours, finishes and options.

More than just doors

Choosing VevoFold means you can be sure your bi-fold doors will always be built to your specification, using the highest quality materials and with years of expertise.

The result is practical, elegant bi-fold doors that enhance and protect your home. Each one expertly designed and made; a thing of beauty, security and durability installed by craftspeople who care.

‘VevoFold means more than just doors – it’s about improving your home and enhancing your lifestyle’

Aluminium VevoFold doors : Style and strength without compromise

There is no better way to enjoy a beautiful garden or a stunning view than by installing an aluminium VevoFold door.

Aluminium VevoFold doors are architecturally stunning in any home or building and are individually made to measure for your exact needs. Meticulously crafted and quality tested, the options available are endless, from square or round edge profiles and slim sightlines, to colour options that are limited only by your imagination.

You decide the number of door sashes between a minimum size of 700mm and a maximum size of 1000mm (doors that can open from the left, right or centre, from the inside or out) so we can easily create doors that suit your home, giving you truly unique bi-fold doors that are tailored to meet your needs.

Latest technology

Aluminium VevoFold doors have the latest polyamide thermal barrier technology. This advanced profile technology creates a barrier between the cold outside and the warm inside, keeping your home warm and comfortable even in the coldest weather, helping to reduce energy bills.

Finished to perfection

Aluminium profiles are finished in polyester powder coated paint and are available in a huge range of colours and finishes that includes dual colour, realistic wood structure and metallic paint options. The polyester powder coated paint finish is produced to the highest standards and quality is guaranteed for up to 25 years.

Secure & safe

Rest assured, your home will be protected from unwelcome visitors. With VevoFold doors, all opening sashes and traffic doors are fitted with high-security multi-point locking mechanisms. Shoot bolt locks are fitted on all slave doors which are internally glazed.

Total peace of mind

VevoFold doors require minimal maintenance and are guaranteed to never rust, rot, flake or peel. The occasional wipe down with soapy water will keep them looking as good as new. For your peace of mind we also offer a 10-year guarantee on the installation as a whole.

'A choice of colours opens up a world of possibilities'

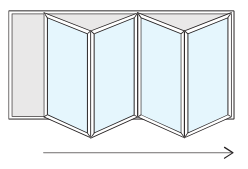

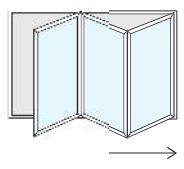

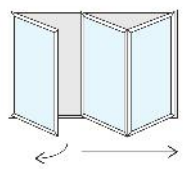

'Aluminium is perfect for properties where colour choice is essential'

Aluminium VevoFold doors : Get the look you really want

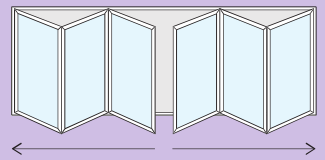

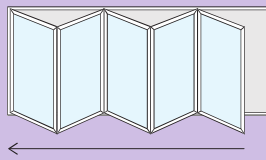

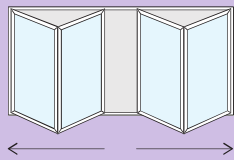

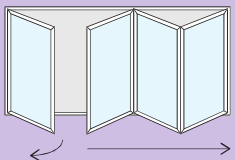

It's good to know that whatever look you want for your home, aluminium VevoFold doors offer you the choice. From handles and finish, to colours and glazing; every customer is different and consequently every VevoFold door is different too.

- Vevo's attractive handles are available in a range of standard colours.
- Colour-matched handles available on Vevo3000 and 4000 profiles.
- High security multi-point locks are fitted to master sashes as standard with additional shoot bolt locking on slave doors.
- Sashes slide on stainless steel rollers, giving effortless motion, however large the door.
- Profile options that suit your home, whether it's a contemporary look or a period style that you are after.

'How would you like yours to open?
It really is up to you'

uPVC VevoFold doors : Choose the look to meet your needs

Polished Chrome

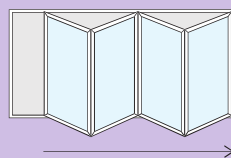

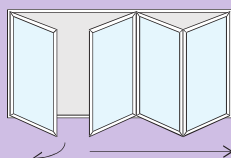

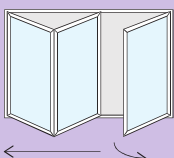

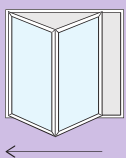

- VevoFold uPVC doors are available in a wide range of colours and finishes to complement any type of property.

Here are just some of the opening styles you can achieve using the uPVC VevoFold door. You just pick the style that suits you.

- VevoFold uPVC bi-fold doors can be manufactured to an impressive 6 metres wide and with a limitless choice of opening combinations you can really expand your home in the way that suits you best.
- Ultimate energy-efficiency – high-tech triple weather seals keep you free from draughts, bringing you peace, quiet and warmth!

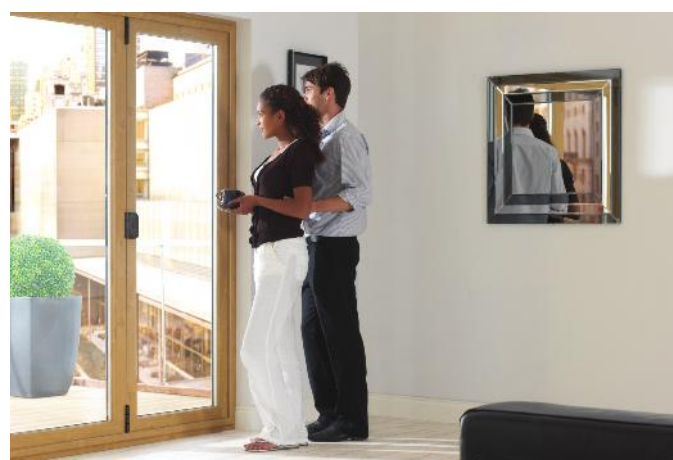

uPVC VevoFold doors : Classic practicality for your home

As always with Vevo, choice is everything. Our uPVC VevoFold range are, slim, stylish and ideal in any home providing the same open space and the feeling of air and light flowing into your home. Our market-leading uPVC bi-fold doors are the ultimate choice when you want full and clear access to your garden, patio or terrace.

With ultra slim frames and clean lines, VevoFold doors bring you the space, comfort and low-maintenance luxury of modern living. Plus, they are available in a wide range of configurations designed to fit virtually any space, so you can turn your outside area or conservatory into a stunning centre-piece.

uPVC VevoFold doors have been designed with slimmer uncluttered sightlines to make them less obtrusive. This means you see less of the doors and more of your patio, garden or the interior of your home. Trims that hide the seals, the options of flush fitting low thresholds, precision engineered roller tracks for smooth operation and a uniquely designed handle all means that your VevoFold door is the very best in the market.

- Market-leading looks – ultra-slim frames for a larger glazed area to create maximum space and natural light.
- Easy-use unique D-handle – this ultra-stylish sprung design allows the doors to fold back flatter, creating unimpeded views onto the garden or patio area.
- Enhanced safety – a discreet lever on the D-handle prevents the security shoot bolts from accidentally engaging when the door is open – stopping damage to your floor coverings and your door.
- Perfectly secure – total security is achieved without compromising on looks thanks to fully concealed stainless steel anti-jimmy pins that prevent the doors being leveraged from the outside by intruders.
